The foreign exchange market (Forex, FX, or currency market) is a global decentralized or over-the-counter (OTC) market for the trading of currencies. This market determines the foreign exchange rate. It includes all aspects of buying, selling and exchanging currencies at current or determined prices. In terms of trading volume, it is by far the largest market in the world, followed by the Credit ...

A binary option is a financial option in which the payoff is either some fixed monetary amount or nothing at all. The two main types of binary options are the cash-or-nothing binary option and the asset-or-nothing binary option. The former pays some fixed amount of cash if the option expires in-the-money while the latter pays the value of the underlying security. They are also called all-or ...

Binary option - Wikipedia

I always emphasize on this fact that making money through Forex trading is not as hard and complicated as what novice traders think. Almost all of those who start trading Forex, have a mentality and mindset from their past experiences. They "believe" that making money is too hard, because most ...
